

PowerSchool

PowerSchool is your online access to your grades and attendance. You should check these regularly to be sure that everything is correct. Your parents have a separate login and can also access this information.

You will need your **Active Directory login credentials** that you were given at check-in. This is the first part of your email address and your student ID number.

1. Log in to my.cherrycreekschools.org.

2. Select **myStudentInfo** at the bottom

3. Look for the tile called **PowerSchool**.

4. Click on any of your grades to see all your assignments.

5. Click on any of your absence counts to see what days you were marked absent or tardy.

6. Use the email links to contact your teachers, if you need to discuss any of your grades or absences.

Need help?

Contact our help desk. 720-747-3636.

If you are at school, go to the Tech Support office located inside the Library.
