

Weather Delay

In cases of bad weather, such as snow, fog, or extreme temperatures, the school district may decide to delay the start of the school day. You may get an automated phone call when this happens, but you can always check the website for the most current information.

If the message at the top of the website says, "Delayed Start," then school will begin 90 minutes later than normal. Classes will be shorter, but dismissal will still be at 3:30pm.

Refer to the schedule at the right.

If you provide your own transportation to school, please travel safely and allow extra time.

Questions?

Contact the Main Office. 720-747-3882.

WEATHER DELAY	
1A/1B	9:50 – 11:02 (72 min)
